

# LAPTOPS OPEN DOORS FOR FOSTER TEENS

JOIN US TO HELP PUT LAPTOPS DIRECTLY INTO THE HANDS OF FOSTER TEENS

Children's Law Center  
of California

## THE PROBLEM IS REAL

- There are nearly 10,000 teens in foster care in Los Angeles County alone, trying to navigate school, work, and life in a world that assumes constant access to technology.

## WITH NO LAPTOP, THEY FALL BEHIND FAST

- Homework gets done late or not at all.
- Group projects are harder to do.
- Research takes hours longer.
- Teachers do not realize they lack online access.
- Grades suffer.

## OPENING DOORS TO OPPORTUNITY

- CASA advocates step in when foster teens lack basics like laptops, helping keep their education on track.
- With a CASA advocate, foster youth graduate high school at over 90%. Without one, the rate is closer to 60%.

## MORE THAN ONE WAY TO MAKE AN IMPACT

**Albert & Mackenzie is donating 200 fully functional laptops to foster teens in need!**

These laptops help support schoolwork, college prep, job applications, and everyday life. While this donation will make a meaningful difference, *the need for access to technology continues.*

### ***Have a laptop you no longer need?***

A fully functional laptop you no longer use can help support foster teens!

We make the process easy, including free pickup or shipping. If you would like to receive more information on how to donate your unused equipment, please contact Bruce Albert at [balbert@albm.com](mailto:balbert@albm.com) or 818-231-0994.

### ***If donating a laptop isn't an option, there's still another way to help!***

You can make a lasting impact through a financial contribution.  
Sponsorship opportunities are available below.
